

ENTRi III | At a Glance

providing learning and knowledge building for civilian crisis managers

What is the aim?

The overall objective of Europe's New Training Initiative for Civilian Crisis Management (ENTRi) is to improve the human security (Freedom from Fear) of people living in crisis-prone areas to which crisis management and stabilisation-type missions ("crisis management missions") of the EU, the UN, the OSCE, the AU and/or other organisations are deployed. The project aims at better enabling staff in those missions to work in an efficient, effective and sustainable manner in order to achieve their missions' mandates.

What do we deliver?

- ENTRi currently offers the following courses: **Mentoring** (MMA, Nairobi, Kenya 12.02-15.02.19) & **Training of Trainers** (The Hague, Netherlands 26.02-01.03.19). Courses cover theory and practice to align specific course content with regional contexts, they are free of charge, but participants are required to cover their own travel costs. For further information see here: <http://www.entriforccm.eu/resources/courses.html>
- ENTRi III divided its tasks among five working groups (WG): **Certification, Evaluation, Training of Trainers, E-Learning** and **Course Package Development (CPD)**. The WG Certification aims to ensure the promotion of European training standards by processing C³MC certifications of course content/methodology that has been checked by ENTRi partners. The WG Evaluation evaluates ENTRi activities, using common tools to create comparable data and to close the loop between lessons learnt and creation of new ENTRi material/products. The WG Training of Trainers (ToT) has developed a didactical toolkit for crisis management courses and implements six ToT courses worldwide. The WG E-Learning is developing technology-enabled learning products. The WG CDP will produce seven "off-the-shelf" packages of training courses/modules that can be flexibly used by crisis management missions and trainers. Course packages can be downloaded for free on the ENTRi Website: <http://www.entriforccm.eu/resources/packages.html>
- ENTRi works to cooperate with the planning and operational bodies of international organisations to share and further develop training standards and identify needs, as well as improve coordination with staff-contributing countries.

Context and background

ENTRi is an initiative funded by the European Commission (90%) and co-funded by its 12 implementing partners under the lead of the Center for International Peace Operations (ZIF) in Berlin. It began in 2011 and is set to run until May 2019. The total budget of the programme since its inception is roughly 8 million Euro. The implementing partners come from different Member States of the European Union and Switzerland. ENTRi was created by the European Union's Instrument contributing to Stability and Peace and is guided by the European Commission's Service for Foreign Policy Instruments (FPI), which is co-located with the European External Action Service. The ENTRi partners are: Austrian Study Centre for Peace and Conflict Resolution (ASPR); Diplomatic Institute (BDI), Bulgaria; Centre for European Perspective (CEP), Slovenia; Crisis Management Centre Finland (CMC); École Nationale d'Administration (ENA), France; Royal Institute for International Relations (Egmont), Belgium; Folke Bernadotte Academy (FBA), Sweden; Netherlands Institute of International Relations Clingendael (NIIB); Stabilisation Unit (SU), United Kingdom; Swiss Expert Pool for Civilian Peace Building (SEP); Sant'Anna School of Advanced Studies (SSSUP), Italy; and the Center for International Peace Operations (ZIF), Germany. The Organization for Security and Co-operation in Europe (OSCE) and the United Nations Department of Peacekeeping Operations (UN-DPKO) are associate partners. Further information on ENTRi can be found at www.entriforccm.eu.

In Control, Garder le contrôle & Em Control Handbook

The *In Control* handbook has been designed to accompany civilian experts on their way through crisis management missions and provide a general overview of the institutional landscape of crisis management as well as relevant concepts. It includes a foreword by Federica Mogherini, High Representative of the Union for Foreign Affairs and Security Policy/Vice-President of the European Commission and features updates from over 30 subject matter experts. *In Control* is now also available in an Arabic, a French and Portuguese version! *Garder le contrôle*, *تحت السيطرة* and *Em Control* include a handy list of abbreviations of French, Arabic and Portuguese peacekeeping terms side-by-side with its English equivalent. The Handbooks can be found and downloaded for free on the ENTRi Website: <http://www.entriforccm.eu/resources/handbook.html>

Institutions that have been awarded the ENTRI C³MC Label

for the following ENTRI-certified courses

<https://www.entriforccm.eu/certification/c%C2%B3mc.html>
